United States

Wine Composition

100% Sauvignon
Blanc

Alcohol

12.9%

Total Acidity

6.28 G/L

Residual Sugar

0.4 G/L

pH

3.35

DESCRIPTION

This fruit-forward Sauvignon Blanc displays beautiful intensity and complexity of aromas as it is poured into the glass. There are hints of citrus, bright floral notes, melon and a bit of fresh sage. On the palate, there are added notes of lychee nut, green apples and a nutty-butter richness, to compliment the crisp freshness and a wonderfully clean, lingering finish.

WINEMAKER NOTES

Two Angels Sauvignon Blanc once again features fruit only from the High Valley Appellation in Lake County. The vineyard is located approximately 2,000 feet in elevation. With its sloped (20-30 degrees), well-drained hillside soils, and slightly cooler daytime temperatures, wonderful fruit characteristics were able to be generated in this Sauvignon Blanc.

INTERESTING FACTS

The label art was created by Jacob de Backer in 1591. The theme of the piece is the hilarity of inebriation and the trauma of the morning after. Excessive joy must be countered by equally excessive sorrow, with penitential atonement for pleasure (the first "Drink Responsibly" print campaign).

SERVING HINTS

Serve slightly chilled as an accompaniment to fish, shellfish, pasta or salads. Excellent on its own as well.
